

*Department of Earth & Environment
Florida International University
Application for Honors Track in Geosciences*

Name: _____ PantherID: _____

Admission Requirements:

- Arrange to be sponsored by a faculty advisor
- Have completed all lower division prerequisites required for the degree program
- Have at least 14 hours of courses within the Earth Sciences/Geosciences curriculum with GPA of 3.5 or above; at least 6 hours at the 3000 level or above
- Have an overall GPA of 3.5 or higher in 3000 and 4000 level classes

1) Courses within Earth Sciences/Geosciences curriculum (list with credits & grades):

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

GPA _____

2) GPA (all upper division courses, or attach transcript) _____

3) Name and signature of faculty advisor _____ Date: _____

Graduation Requirements:

- Have an overall GPA of 3.5 or higher in 3000 and 4000 level classes
- Complete requirements for either BS in Geosciences or BA in Earth Sciences
- Complete Honors Research: GLY 4989L(3 credits)
- Complete Honors Thesis: GLY 4970 (3 credits), including seminar presentation and deposition of the written thesis with the Department of Earth & Environment
- All requirements must be met by the time of certification for graduation (about 1 month before graduation)

1) Registration for GLY 4989L (semester) _____

2) Registration for GLY 4970 (semester) _____

3) Written thesis approved by Faculty Advisor (date) _____

4) Written thesis approved by Undergraduate Committee (date) _____

4) Oral presentation to Undergraduate Committee (date) _____

5) Upper division GPA at graduation _____

Honors degree is approved (signature and date):

Undergraduate Program Director (Geosciences) _____
